A close-up photograph of a string of LED lights. The lights are spherical and contain a complex, glowing internal structure resembling a plasma ball or a stylized atom. The lights are connected by a black cord. The background is dark and out of focus, showing other lights in various colors (red, yellow, blue). The text "LED STRING LIGHT" is overlaid in white, bold, sans-serif font at the top. A circular inset in the bottom right corner shows a close-up of the black plastic connector and the base of one of the spherical lights.
